- Pravljenje i održavanje web aplikacija, sajtova, online prodavnica. Bio sam aktivno uključen u izradu novih projekata, i samostalno sam održavao sajtove i online prodavnice gde smo u zavisnosti od obima posla klijenta imali više ili manje izmena. Takođe sam pratio Google analitiku, i implementirao Pixel rešenja na web aplikacije radi detaljnije statističke analize. Takođe sam testirao performanse, pronalazio greske i radio optimizacije
